
DevExpress Universal For .NET 19.1.3 | VERIFIED | Crack

DevExpress for .NET. The developers of DevExpress created the Universal Framework with the intent of . is clicked on Close Save changes . The layout of modal components is similar to the layout of the [Breadcrumbs]/components/breadcrumbs/ component. The `modal-body` component is not included in this example since the modal component is used to create a two-pane layout in which the `modal-body` is located in the *right* pane. Use the `modal-footer` to position your modal's footer: .html I'm a two-pane modal I'm in the right pane! Close Save changes [View Demo]
